Beaded and Cord Necklaces By Suman

I am endlessly inspired by the colors and textures of nature! At work, I deal with numbers and phone calls all day long. While I love what I do and have the most amazing colleagues from all over the world, I also love to create unique necklaces using semi-precious gemstones, pearls, crystals, glass, seeds and leather cords and bring a little bit of the amazing natural world we live in into my workspace with me. There is nothing like the fresh spring green of the Peridot or the rich purplish red of the Garnet, the dramatic reds, greens, yellows and browns of Rainbow Jasper or the soothing white of the moonstone.

In my spare time, I also enjoy writing, reading, studying French, traveling and growing flowers!
